BIG BITES!

Excavation work is progressing right along at the site of the Santiago Children's Ministries Outreach Center.

A two-level walk-in basement with offices, bathrooms, kitchen and dining room will rest beneath the sanctuary on this part of the lot.

So far, architecture, engineering, building permits and this excavation have consumed most of our construction funds. We urgently need \$40,000 to continue with the construction of these basement levels and the metal structure for the sanctuary/auditorium.

In the meantime, ministry goes on in the house that sits on the opposite end of our property, with around 150 children and teens coming every Saturday to enjoy a fun-filled afternoon of Christian ministry, after taking some big bites out of a hot lunch! New families are attending our Sunday morning services, and our meeting room is practically busting at the seams! (We have to set up chairs outside the windows for the overflow.)

Friends, thank you again for helping us purchase this site last year. Now we need these buildings ASAP. Please send a generous offering to the address listed below. Please designate your gift for Project 8343. Thank you so very, very much and may God bless you for it.
