Dear Family & friends,

This year 2007 has been an extremely busy and blessed year for us. We have seen tremendous growth, not only in the ministry, but also in our own family.

This was the year that our son James felt the Lord's call upon his life, stronger than ever. This was the year that our daughter Jamie left home to begin a new chapter in work, ministry and study in New York City, and has done so with grace and joy. This was the year Koreen and Alejandro became parents to their first son, our first grandson, Christopher Alexander.

This also was a year of growth in ministry. In September Jim was elected to be the new Coordinator of the Christian Education Service of the Assemblies of God in Latin America, a new responsibility in which he will give oversight to Christian Education ministries throughout the continent, on every level from local church to seminary.

This was a year of growth in the Santiago Children's Ministries Center, both in the construction of the new facility as well as in the outreach to children in need. Little Cristobal, pictured here, is delighted with the present he received last week at our Christmas program. This little boy was found by one of our staff a few months ago, wandering the streets. He is not to blame for the illegitimate circumstances surrounding his birth, yet for years he has suffered abuse, neglect and rejection. We are working hard with this boy and his family. Please pray for them.

Thank you again for all your prayers, love, and support. May the Lord bless you abundantly this Christmas season.

Jim & Ester
